THE CELLAR CLUB INCORPORATED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

1 STATEMENT OF ACCOUNTING POLICIES

The Cellar Club Incorporated ("Club") is a club incorporated under the Incorporated Societies Act 1908.

Following resolutions from a Special Annual General Meeting held in April 2013, the Club no longer has its accounts audited.

However the Financial Statements of The Cellar Club Incorporated have still been prepared in accordance with generally accepted accounting practice and the Financial Reporting Act 1993.

Differential Reporting

Because the Club is small and has no public accountability, it has taken all the differential reporting exemptions available to a qualifying entity as defined in the Framework for Differential Reporting.

Measurement Base:

The accounting principles recognised as appropriate for the measurement and reporting of the financial performance and financial position on a historical cost basis are followed by the Club.

SPECIFIC ACCOUNTING POLICIES

The following specific accounting policies which materially affect the measurement of financial performance and financial position have been applied.

a) Subscriptions

Subscriptions for the year are set in May and payable from 1st July in an annual amount. There is no joining fee for new members and they enjoy a pro-rata subscription fee for the period of their first year of membership. No refunds are given upon resignation and unfinancial members are removed from the membership list before the 1st April each year, so there is no accrual at year end for unpaid subscriptions.

Deferred Subscriptions

Because the subscription period differs to the financial year of the Club, a portion of the current year's subscriptions is not recognised as income and is instead deferred for recognition in the following financial year.

b) Wine Cellar

The wine cellar consists of bottles held for future tastings and has been valued at cost. There is no intention of holding these for long term appreciation, either in value or taste, and as such have been valued at cost. The cellar is managed by the committee and cellar master and is used as deemed appropriate.

c) Fixtures and Fittings

Wine Racks, used to hold the Club's wine cellar, are held at Arthur Carmen Street and were recorded at cost. They were depreciated on a straight line basis with no allowance made for their residual value.

Depreciation

Depreciation was charged on a straight line basis over their estimated life of 10 years.

d) Accounts Receivable and other debtors

Accounts receivable and other debtors, if applicable, have been recorded at cost less any provision for doubtful debts.

e) Goods and Services Tax

The Club is not registered for GST and so all costs are recorded inclusive of GST as they are incurred.

f) Taxation

The Club, as a non-profit organisation, qualifies for an income tax deduction and is only required to pay tax on net income after expenses that exceeds \$1000.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2021

g) Changes in Accounting Policies

There have been no other changes in accounting policies in the current year and all policies have been applied on a basis consistent with those used in previous years.

h) Covid-19 Impact on the year ending 31 March 2021

As reported the previous year, the Club began the current financial year in temporary recess in compliance with the Covid-19 Alert system level 4. However, it was able to recommence its tastings in June 2020 in accordance with hospitality Covid-19 guidelines for level 2. There was no adverse impact on the Club's operation and obligations, financial or otherwise, other than the holding of the Club's AGM in July 2020 and not May, as is the norm.
